## SOVIETS CHOP ALL CONSULAR TIES WITH U. S.

## Russian Government Reacts Sharply to Expulsion of Lomakin by Closing Consulates

## ENVOY IS GOING HOME

Washington, Aug. 25.—(AP)—Secretary of State Marshall said today the United States will accept Russia's order for closing the American consulate in Vladivostok.

Marshall told a news conference the Soviet action, announced last night as a climax to a dispute over runaway Russian schoolteachers, is regrettable but not a very serious matter.

The American consulate in the Pacific port was so circumscribed in its activities that he was able to accomplish very little, Marshall said.

Moscow also cancelled a 1947 agreement to permit reopening of a former American consulate in Leningrad. Marshall told reporters that no progress had been made toward opening the consulate there.

Along with this action, the Soviets ordered the closing down of the Soviet consulates in New York and San Francisco. That move speeded up a steady recall of Soviet citizens from this country.

Moscow, Aug. 25.—(AP)—The Russian government, reacting sharply to the expulsion of the Soviet consul general from New York, chopped off all consular ties with the United States today.

The action entails the closing of Russian consulates in New York and San Francisco, the closing of a United States consulate in Vladivostok and the voiding of an agreement granting the United States the right to open a consulate in Leningrad.

It grew out of what has become known as the Kasenkina affair, the case of a Russian school teacher, now in a New York hospital, who has been the subject of an international tug-of-war on the highest diplomatic levels.

The U. S. State Department, on Aug. 19, asked the Russian government to recall Jacob M. Lomakin, the Soviet consul general in New York, because of his activities in the Kasenkina case.

(Lomakin is scheduled to start home Saturday. The U. S. note informed the Russian government that Mrs. Kasenkina would not be permitted to return to Russia until she had been released from her detention against her will and rejected contentions that she had been kidnapped. In the hospital she has refused to see Soviet authorities. (She scheduled a news conference yesterday but it was cancelled when she became exhausted by the preparations.)

The Soviet reply, as published by TASS, categorically rejected the United States contention that Lomakin and other Soviet officials had exceeded their legal rights in the cases of Mrs. Oksana Kasenkina and Mikhail I. Samarin, another Russian school teacher in the United States.

(Both teachers were in the United States as instructors of children of Soviet officials and decided against returning to Russia.)

"The actions and statements of the Soviet government and its official representatives in the United States in the affair of Kasenkina and Samarin fully correspond to the lawful interests of the Soviet Union in defense of its citizens from criminal infringements on their freedom and civil rights," the note said.

The note added: "Inasmuch as Kasenkina at the present time is being held in hospital, factually under conditions of a prison regime and free communications with her by Soviet representatives are not permitted, declarations ascribed to her cannot be recognized as deserving any attention whatsoever, especially relating into consideration the serious condition of her health."

## 16 Killed in Bomber Crash At Hickman Field in Hawaii

Hickman Field, Hawaii, Aug. 25.—(AP)—Sixteen airmen died last night in the twisted, burned wreckage of an Okinawa bound Superfortress that crashed in one of the island's worst peacetime air disasters.

Four others were burned seriously. One of the big bomber's four engines conked out three minutes after it took off from Barber's Point on another leg of its far eastern hop from the 95th Bombardment Group base at Spokane, Wash.

The pilot was ordered to land at the Municipal Airport, which adjoins Hickman Field.

The Superfort came in at an altitude of 15,000 feet and missed the Municipal Airport. The pilot banked the plane in an attempt to circle and bring it back in but a wing caught a transport plane

parked on a Hickman Field taxiway.

The Superfort crashed into a concrete power substation and exploded. The crash put out all of the field's lights momentarily but emergency lights flashed on as firefighters reached the flaming wreckage.

Firefighters said the four survivors were thrown free from the wreckage. They were rushed to Tripler Army General Hospital where doctors said their condition was serious.

The Superfort hit with such force that one engine was thrown 100 feet ahead of the main fuselage and wreckage was scattered over a 100-yard square area.

Names of the dead and injured were withheld by the Air Force pending notification of kin.

## Mississippi Voters Sending Rankin Back For 15th Term

By The Associated Press

Mississippi voters are sending John E. Rankin back to congress for his 15th term.

The veteran advocate of white supremacy easily defeated two rivals in yesterday's Democratic primary. The party nomination is as good as election in that state.

Rankin, a member of the House Committee on Un-American Activities and outspoken foe of Communism, told voters in his campaign that to defeat him would be "the best news that Joe Stalin ever heard."

Rankin's bid for another two years in the house was the outstanding race in congressional primary voting in three states. New York and South Carolina also picked candidates.

In New York, the state's eight members of the house who faced opposition easily won re-election. Among them was Daniel A. Reed, 72-year-old Republican member of the house since 1919.

Rep. Vito Marcantonio got the American Labor Party's nomination again in New York's 18th district without opposition. Predictions of a possible heavy write-in vote for Marcantonio in the Republican and Democratic primaries failed to materialize.

The A-LP also nominated Rep. Leo Isacson in the 24th district. Isacson was elected to the house originally with the backing of Henry Wallace, the Progressive Party's presidential candidate.

South Carolina Democrats nominated James B. Hare, 30-year-old Saluda attorney and a son of a former congressman, as U. S. representative from the third district in a runoff primary. Hare, making his first race for public office, rolled up a 2 to 1 margin over his opponent, John C. Taylor. As in Mississippi, the Democratic nomination is tantamount to election.

In the Mississippi balloting, Rep. John Bell Williams also was re-elected. He is a one-armed air force veteran. Two other congressmen who faced opposition held apparently safe leads over their rivals. They were Rep. William M. Colmer and Thomas C. Abernethy.

## Milk Prices For Western Pa. Counties Hiked to 22 Cents

Harrisburg, Aug. 25.—(AP)—Retail milk prices will be hiked 1½ cents to 22 cents a quart in the 12-county Pittsburgh marketing area, effective Sept. 1.

The increase was approved by John J. Snyder and Charles J. O'Loughlin, majority members of the State Milk Control Commission after a turbulent price conference here yesterday. It matches a similar increase which went into effect in most of the remainder of the state, Aug. 20.

Chairman H. N. Cobb, standing firm in his insistence for a higher boost, refused to sign the order.

The order also boosts prices for producers 40 cents a hundred pounds (4½ quarts) to \$6.03 for class one milk.

Meanwhile, the new order faced the threat of court action by the city of Pittsburgh. Albert D. Brandon, assistant city solicitor, told the hearing he was under instructions from Mayor David L. Lawrence to carry the question to court if the price boost was ordered.

Washington, Aug. 25.—(AP)—The NLRB general counsel's office today asked that the International Typographical Union be held in contempt of court for insisting on closed shop contracts.

The union is under a five-month old injunction against negotiating such agreements, outlawed by the Taft-Hartley act.

In a critical move against the ITU in its fight to keep the closed shop, the National Labor Relations Board's prosecuting agency charged the union's top officers with having disobeyed and disregarded the injunction.

The restraining order was issued March 27 by Judge Luther M. Swygert at Indianapolis. It was there that Robert N. Denham sent his formal petition that the union be cited for contempt.

The petition asked that the AFL union be stopped immediately from giving any further support—including all-important strike benefit payments—to the striking printers on Chicago and Hammond, Ind., newspapers. The ITU members there have been on strike since last November 24.

Papers are printed without ITU help by using a new photo engraving process, for typewriter copy. How long the Chicago strike could continue without the aid of the International union is a question.

The Swygert order had directed the ITU not to support or authorize "any strike, slowdowns, walkouts or other disruptions of any kind" in furtherance of the closed shop demands.

## SIX AIR FORCE ENLISTED MEN DIE IN CRASH

## Three Crew Members Also Lose Lives When Plane Collides With A B-25

## BOMBER PILOTS SAFE

Newton, N. J., Aug. 24.—(AP)—Six U. S. Air Force enlisted men, in route to a religious conference and three crew members of a C-47 transport were killed yesterday after the big plane swooped out of a cloud bank and collided with a B-25.

The disabled C-47 plummeted to the ground near the northwest New Jersey community, crashed and burned. The B-25, a wing-tip sheared and its three-man crew, unaware of the disaster, returned safely to its Stewart Field, N. Y., airbase.

Crewmen of the B-25 said they had been cruising at an altitude of about 7,000 feet when the transport zoomed out of a cloud. They reported a "not too severe jolt." Eyewitnesses said the C-47, in apparent trouble, flew over the farmland area at about 400 to 500 feet before going into a tailspin and crashing in a "ball of smoke."

Wreckage and the charred, mangled bodies of the victims were strewn over several hundred yards.

The plane was on its way from Bolling Field, Washington, D. C., to Danbury, Conn. Air force officials described the six enlisted men as lay leaders of religious thought in their respective units. They were going to a religious meeting at West Redding, Conn.

Bolling Field identified four of the six as Pfc. James E. Ford, 24, of Falls Bluff, Ark.; Pfc. M. G. de Valls Bluff, Ark.; Pfc. M. G. de Valls Bluff, Ark.; and Pfc. Bernard E. Mahoney, 18, of Binghamton, N. Y.

The two men picked up at Olmsted Field, Middletown, Pa., were Staff Sgt. Albert H. Douglas, 25, son of Mr. and Mrs. Irmal Douglas, of Darby, Pa., and Corp. Donald L. Raum, 21, son of Mr. and Mrs. Harry E. Raum, of Lancaster, Pa.

Douglas was an administrative clerk and worked in the orderly room at Olmsted. He also did some work for the base chaplain and was selected to represent the base at the Connecticut religious conference.

Raum was an assistant to the base chaplain. Bolling Field officials announced the names of the dead crew members: Capt. Wm. D. Besty, Jr., 30, pilot of Bideford, Md., assigned to Bolling Field; Capt. John B. Fitts, Jr., 26, of Linkhorn Park, Virginia Beach, Va., (Turn to Page Seven)

## Arab Legion Chief Issues a Warning

Cairo, Aug. 25.—(AP)—The commander of Arab Legion forces in Jerusalem has notified the United Nations his army will not brook further alleged violations of the truce by the Jews.

The commander, Lt. Col. Abdullah Tel, sent a memorandum to U. N. observers warning that if the Jews continue their present course, the Arab legion will repel them.

At Lake Success, Gen. Aage Lundstroem, chief of staff to Count Folke Bernadotte, U. N. Palestine mediator, formally accused of Israeli government yesterday of violating the truce.

Lundstroem made the charge in a note to Moshe Shertok, Israeli foreign minister, concerning the Red Cross zone in Jerusalem. He had conducted an investigation after Israeli and Arab troops entered the Red Cross zone on the night of Aug. 16-17. Since then a controversy has been carried on between the Arabs and Jews on the question of evacuating the zone.

A pooled dispatch from the American press in Jerusalem said a conflict is developing over the future home of the Zionist movement.

The restraining order was issued March 27 by Judge Luther M. Swygert at Indianapolis. It was there that Robert N. Denham sent his formal petition that the union be cited for contempt.

## Living Costs Skyrocket To New High Government Says

Washington, Aug. 25.—(AP)—Your living costs have skyrocketed to a new record high, the government said today.

This means an automatic, three-cents-an-hour pay hike for some 265,000 General Motors employees. But for them and other wage earners the price picture painted by two federal agencies also means that:

1. It took \$21.68 in June to buy the same food items that cost \$10 back in 1935-36.

2. For a family of three that amounted to \$705 yearly "market basket" outlay as compared to the \$695 rate in January and the World War I peak of \$615 in June, 1920.

3. The price chart of all the things that make up the daily budget hit a new top of 173.7 on July 15. This is the consumers' price index figured by the Bureau of Labor Statistics on a 1935-39 base of 100. It now stands 9.7 per cent higher than a year ago, 30.3 per cent above June, 1946, when most OPA controls were abandoned, and 76.2 higher than pre-war August, 1939.

Here is the way the BLS charted the average price rise between June 15 and July 14 for moderate-income families in large cities:

Goods and services—Up 1.2 per cent. (It rose 1.5 per cent between May 15 and June 15.)

Retail food prices—Up 1.3 per cent. This marks a 12.3 per cent rise over a year ago, 48.9 per cent above June, 1946 and 131.9 per cent above August, 1939.

Fuel, electricity and ice—Up 1.7 per cent, due chiefly to the recent coal contracts.

Clothing—Up 0.1 per cent after declining in the May-June period.

House furnishings—Up 0.6 per cent.

Rents—Up 0.3 per cent as negotiated increases under the new rent law continued to be made.

Miscellaneous goods and services—Up 2.2 per cent.

The BLS reported that the main increases in retail foods were for meats, poultry, fish, dairy products and eggs. Fresh fruits and vegetables dropped, but less than the normal seasonal decline.

## Five Lost In Woodland 5 Hours Found

Pine Grove, Aug. 25.—(AP)—A Purdue University woman instructor and four young boys were safe today after being lost for more than 12 hours in snake-infested woodland in the nearby Black Creek Valley.

They were found last night by Lawrence Roseberry, 43, of Pottsville, brother of the Indiana woman, and father of two of the boys.

Roseberry with two expert woodsmen came upon his sister, Elizabeth Roseberry, 38, of West Lafayette, Ind., as she was huddled with a fire with the four boys, Baird Roseberry, 13, his brother, Larry, seven; John M. Hinman, eight, of Brooklyn, and his brother, Richard, five.

The Roseberrys and the Hinman boys—vacationists at a nearby summer resort—went on a picnic yesterday morning with Roseberry's father, Clement Roseberry, 65, also of West Lafayette.

Later in the day, Roseberry and his father returned to their cottage. When the others failed to arrive at a swimming pool where they had agreed to meet, Roseberry started searching for them.

He was joined by about 200 state police and other volunteers. The hunt was intensified because of the rough nature of the area, where copperheads, rattlesnakes and wildcats are not uncommon.

Miss Roseberry, an instructor in textiles and garmentry at Purdue, said she and the boys decided to build a fire beside an old wood trail when they realized they were lost and would have to spend the night in the woods.

## Mother of Three Boys Found Tied Up By Necks is Arrested

Indianapolis, Aug. 25.—(AP)—Three small boys who were found tied by their necks to bed yesterday were in the Marion County Children's Guardian Home today and their 22-year old mother was in jail on a vagrancy charge.

Police Sgt. Fred Stevens said the boys, John Hawk, 6, and his brothers, James, 4, and Sammy, 2, were found by a visiting welfare nurse yesterday.

Stevens said the boys' mother, Mrs. Virginia Hawk, 22, and Nathan Green 42, were arrested on vagrancy charges when they returned home late yesterday.

Green's mother, Mrs. Arvenie Green, 68, and the home in which Mrs. Hawk and her children were living.

Stevens said the boys were clad only in dirty shorts and their bodies were covered with sores and bites. He said Mrs. Green told him they were tied "some time last week because they disobeyed and got into everything."

Stevens quoted Mrs. Hawk, who is divorced from the boys' father, as saying, "I've asked the welfare time and again to find foster homes for the kids."

She is employed as a bus girl in a downtown restaurant.

## CHAIRMAN THOMAS WARNS ONE OF TWO WITNESSES WILL BE TRIED ON PERJURY CHARGE

Washington, Aug. 25.—(AP)—Alger Hiss and his accuser, Whitaker Chambers, confronted each other in the congressional spy hearings today and were told that "certainly" one will be "tried for perjury."

The statement came from Chairman J. Parnell Thomas (R-NJ) of the House Un-American Activities Committee.

Slowly, solemnly, Thomas said: "As a result of these hearings certainly one of these witnesses will be tried for perjury."

Perjury is lying when under oath to tell the truth. Conviction would carry a possible jail sentence.

Hiss, former state department official, and Chambers, now a senior editor of Time Magazine, have told the committee widely varying stories.

What Thomas' statement implied was this: The committee intends to make a decision which one is lying and seek action against him in the courts.

The 43-year-old Hiss was sworn in as the first witness immediately after Thomas' statement.

Hiss then publicly admitted for the first time that he once had known Chambers, but said it was under the name of George Croesley.

At previous hearings, Chambers has accused Hiss of being a member of a Red underground in Washington in the 1930s. Hiss has denied it. Hiss also once testified publicly that he never knew Chambers. But since then, Hiss has told the committee in a closed door session that he did know Chambers under the name of Croesley.

With Hiss under oath, Robert E. Stripling, chief investigator for the committee, turned to Chambers, who was sitting behind one of the press tables.

"Mr. Chambers, will you stand up?" Stripling said.

Turning back to Hiss, the investigator inquired:

"Mr. Hiss, have you ever seen this individual who is standing?" "I have sir," Hiss answered.

Hiss said he knew Chambers as George Croesley in the winter of 1934 or 1935. He said he last saw Chambers in 1935.

A moment later, Chambers said he last saw Hiss in 1938.

A dozen newsmen and television cameras ground away as the two men entered the big room for the dramatic show-down at 10:35 a. m.

Long before that time, the room had filled with spectators and newsmen. Police kept an overflow crowd waiting outside.

Thomas swore Chambers in as a witness and the two key men in the hearings stood facing one another.

Stripling: "Do you know this man?"

Chambers: "Yes."

Stripling: "Who is he?"

Chambers: "Alger Hiss."

Stripling: "When did you know him?"

Chambers: "In 1934."

Stripling: "When did you last see Mr. Hiss?"

Chambers: "In 1938."

So right at the start there was an element of conflict in the testimony of two men who had taken oath to tell the truth.

In the caucus room of the old House Office Building, hundreds of spectators watched the drama unfold. Others trailed out in a string around the rotunda of the building, down a corridor and out into the street, waiting for a chance to get in.

Six of the nine members of the committee were on hand for this point of climax in the investigation.

Chambers has never said that the Communist underground he talks about was engaged in spying.

With reference to that, Thomas said the issue presently before the committee is not "definitely involved in the two espionage rings the committee is investigating."

But Thomas said it did deal with a Communist underground, and that the committee is determined to get at the truth of the conflicting statements of Chambers and Hiss.

After the confrontation, Hiss resumed his seat at the witness stand and Chambers sat down in front of the committee dais. The two men were about 25 to 30 feet apart.

Hiss demanded that the testimony taken in secret sessions of the committee be made public. He asserted some of it had "leaked out through some means" and had been distorted.

# Daily Events For Freedom Train Adopted

A definite program of daily events, which will be held the week of September 12-18, preceding the visit of the Freedom Train to Oil City on Sunday, September 19, was outlined and adopted at a meeting of committee chairmen in charge of the Oil City visitation by the train Monday afternoon in the assembly rooms of the Chamber of Commerce.

The meeting was called to order by J. V. Frampton, local attorney, who is general chairman of the special events committee for the week-long celebration.

The following program of special celebrations was adopted by the committee chairmen:

Sunday, September 12—"Church

Day." In conjunction with the train's visit, this day has been designated as "Freedom of Religion Day" and will be marked with special messages by pastors and Sunday school leaders throughout county churches. All churches and church schools as well as other church organizations will be asked to confine topics and program matter to the importance of the Freedom Train's visit in Oil City. The church committee consists of Rev. A. B. McCormick, D. D., Rabbi Louis Glyn and Rev. Louis J. Kelly.

Monday, September 13—"Veterans' Day." A parade of delegates from all local veteran organizations will be a highlight of this day's program. The committee will be headed by A. L. Gillette.

Tuesday, September 14—"Civic Organization and Service Clubs' Day." On this day, a joint organizational dinner meeting of representatives of all local service clubs will be held. A speaker will be obtained and entertainment will be provided. Those clubs who are expected to cooperate are: Rotary,

## Daily Events For Freedom Train Adopted

A definite program of daily events, which will be held the week of September 12-18, preceding the visit of the Freedom Train to Oil City on Sunday, September 19, was outlined and adopted at a meeting of committee chairmen in charge of the Oil City visitation by the train Monday afternoon in the assembly rooms of the Chamber of Commerce.

The meeting was called to order by J. V. Frampton, local attorney, who is general chairman of the special events committee for the week-long celebration.

The following program of special celebrations was adopted by the committee chairmen:

Sunday, September 12—"Church

Day." In conjunction with the train's visit, this day has been designated as "Freedom of Religion Day" and will be marked with special messages by pastors and Sunday school leaders throughout county churches. All churches and church organizations will be asked to confine topics and program matter to the importance of the Freedom Train's visit in Oil City. The church committee consists of Rev. A. B. McCormick, D. D., Rabbi Louis Glyn and Rev. Louis J. Kelly.

Monday, September 13—"Veterans' Day." A parade of delegates from all local veteran organizations will be a highlight of this day's program. The committee will be headed by A. L. Gillette.

Tuesday, September 14—"Civic Organization and Service Clubs' Day." On this day, a joint organizational dinner meeting of representatives of all local service clubs will be held. A speaker will be obtained and entertainment will be provided. Those clubs who are expected to cooperate are: Rotary,

## Something Borrowed From the West

Some Japanese brides are deserting their traditional many-colored kimonos, right, in favor of the Western wedding gown. Japanese models display the Eastern and Western costumes at a fashion show for wives of men of the 11th Airborne Division at Hokkaido.

Kiwanis, Exchange, Adelphi, Y's Men's, Optimists, and Lions. The American Boy Scouts and B'nai B'rith will be represented also. The event will be held under the supervision of the committee headed by Joseph Carabell, general chairman.

Wednesday, September 15—"Women's Day." The women's organizations of the city will join to present a program in keeping with the week's observance. The committee in charge will be headed by Mrs. Robert Bossier, chairman.

Thursday, September 16—"School Day." The students of the city will have an opportunity on this day to attend and participate in programs marking the Freedom Train's visit. This event will be under the direction of H. V. Grumbling, school superintendent and chairman of the school committee.

Friday, September 17—"Constitution Day." This program will be sponsored by the local Daughters and Sons of the American Revolution and will be held in a local auditorium, preferably the Senior high school. Entertainment will be provided by an orchestra under the direction of Major D. Olmes and vocal numbers by a combined church choir directed by Harland Mitchell. A well known speaker will be secured for this evening's program.

Saturday, September 18—"Fraternal Day." All local fraternal organizations will present a parade and celebration on this evening. Out of town bands and marching units will be invited and prizes will be offered for the leading organizations. The committee in charge of this day's activities will be headed by John J. Fox, chairman.

Sunday, September 19—"Train Day." In addition to viewing the train at the siding of the local railroad station, ministers of local

churches will be asked to continue the observance in their parishes. Although no day has been assigned for labor and management, it is expected there will be special observances by both factions during the week.

At yesterday's meeting, Chairman Frampton called on T. Huntley Welch, chairman of the speakers' committee to report on the progress made by his committee. It was revealed that several well known military and civic leaders would be secured for the addresses of the week. The names of these speakers will be made known at a later date.

Harland Mitchell, chairman of the music committee, stated that possibly 25 instrumentally talented people and 60 voices may present the "Bride's" night program.

J. G. Payne, secretary of the Chamber of Commerce, stated Frank Crain, area representative of the American Heritage Foundation which is sponsoring the train's tour, would arrive in the city Wednesday and remain here until Friday to meet with various committee chairmen.

## Times Topics

**ENCAMPMENT MEETING**  
Kosuth Encampment No. 98, IOOF, will meet Thursday evening. There will be nomination of officers and other business. All members are urged to be present.

**STILL SEEKING CLERK**  
Members of Selective Service board No. 64 at Corry, are still seeking a clerk for the draft board office which will be opened at Union City, following the appointment and subsequent resignation of Edward A. Condey of Corry.

**TITUSVILLE POLICE FUND**  
Titusville City Controller Joseph W. Gray announced at the recent meeting of the police pension board that the fund now had \$8,835.60 in total assets, of which \$5,500 is invested in U. S. government two and a half per cent bonds.

**ERIE SINGERS SCORE**  
Competing with 149 Moose quartets from various parts of the United States, the Erie Lodge of Moose quartet, won first place and \$500, it was announced by judges at the 60th international convention of the Loyal Order of Moose in Chicago.

**AIR INSPECTOR DIES**  
Robert E. Zook, 37, of Conemaugh, principal aviation inspector for the State Aeronautics Commission, died unexpectedly Tuesday in a drug store at Bradford. He had inspected the Harris-Emery airport in Bradford a short time before he was stricken, apparently with a heart attack.

**COURT HOUSE ELEVATOR**  
An elevator at the Erie court house will be the next construction project undertaken by the county. Commissioners Fred Lamberton and Dell Darling have disclosed. The two Republican commissioners said they will confer within the next few days with architects for the purpose of determining the most suitable location for a lift.

**OLD BELL GOING**  
The last old-fashioned bell in Sharon public schools has been removed from the junior high school building. The bronze bell, which weighs approximately 800 pounds, was taken down after W. H. Cook, superintendent of buildings, reported that the mounting was no longer safe. It will be stored in the school basement pending school board action.

**CHURCH 120 YEARS OLD**  
The First Methodist church of Cambridge Springs, Crawford county, will observe the 120th anniversary of its institution on Sunday, August 29, and the sanctuary is being completely redecorated for the occasion. The anniversary sermon will be preached by Rev. Thomas E. Colley of Erie, district superintendent, and Rev. Harold Sloan of DuBois. The pastor of the Cambridge church is Rev. James McIntosh.

**CHICKEN THIEVES BUSY**  
Reports to the State Police at Franklin indicated chicken thieves are operating again in this area. Mrs. Theodore Holmes of Route 1, Cooperstown, recently lost ten fowls and she thinks her dog might have bitten a thief as the dog's mouth was bloody after a man was seen leaving hurriedly in a truck. A man was attacked by a dog while supposedly attempting to steal chickens near Dempseytown last week. A Plummer man said he shot four times at a truck leaving his place which he thought might have been chicken thieves.

**SUSTAINS BROKEN NECK**  
Titusville Herald: John R. Riggs, 307 Pleasant street, Corry, was reported as being in good condition at the Titusville Hospital last night after suffering a broken neck last Saturday in a woods accident. Employed at the sawmill located on the Mack Davidson farm, a half-mile north of East Troy, Mr. Riggs was working with two other men felling trees. Mr. Riggs was unable to avoid a falling tree after he had helped to cut it down and was pinned to the ground by a large limb. He was rendered unconscious by the blow. While one of the men notified Albert Kaster, who resides on the farm, the other cut up the tree to facilitate the release of their fellow workman. When Mr. Kaster went to the home of a neighbor to telephone and found no one at home, he decided to waste no more time and drove to Titusville to summon the Flanders-Arnolds ambulance. The ambulance remained at the farm house for half an hour while three men carried the injured workman to the vehicle. There was no road into the woods that could be traveled by car, and suspecting the seriousness of the injury, the stretcher-bearers exercised great care with their patient.

#### TIENESTA YOUTH BURNED

Donald Grubb, 23, of Tienesta, was taken to the Titusville Hospital yesterday for treatment of burns. How the burns were received was not learned.

#### HAS HEART ATTACK

Rev. W. H. Spears, pastor of the Titusville Trinity A. M. E. church, was said to be resting comfortably in bed at the parsonage last night following a heart attack suffered after the Sunday evening services.

#### WALKS INTO CAR

Mrs. Clara Alford, 69, of Route 3, Corry, was considerably cut and bruised Saturday when she walked into the side of a car operated by Frank Laydos of Torpedo. She was treated at the Corry Hospital and then taken home.

#### RAMAGE MAUSOLEUM

A beautiful mausoleum is just being completed in Grove Hill cemetery, Oil City, for the family of the late Samuel Y. Ramage of that city. The tomb is made of granite from Deer Island, Maine, and will contain six crypts. The bodies of Mr. and Mrs. Ramage and a son, Alfred, have been in the community mausoleum pending completion of the family vault.

#### NOTIFIED OF DEATH

Mrs. C. W. Hull and Mrs. James L. Greener, Fourth avenue, have been notified of the death of their mother, Florence Ramsdell Branberry, of Santa Barbara, Calif. She was the wife of the late Episcopal Bishop, James Westover Branberry. Mrs. Hull and Mrs. Greener left by plane last evening to attend the funeral.

#### LOSE HONEYMOON CLOTHES

Mr. and Mrs. Harry E. Downs, Jr., of Oil City, reported upon their return from their honeymoon trip a large bag containing the clothing of the bride, valued at \$300 was stolen or taken by mistake while the couple was en route from Erie to Buffalo. Bus officials are checking to see if the bag was taken by mistake.

#### FIRE PROTECTION FOND

The second of a number of created ponds for fire protection in Venango county rural districts is now under construction on the James McElhenny farm on the Franklin-Denneytown road. The first was built near Pleasantville last year. While the ponds are built primarily for fire protection, Venango County Agent E. G. Ifft states they may be used for raising fish, for swimming and for ice skating in winter.

#### LARGE FAMILY AT WELL

Drake Well Memorial Park always has a large number of uninvited visitors, all from one family—the bee family. Last year they actually moved in and set up housekeeping in the small frame canopy over the front entrance of

the caretaker's house, and Mr. and Mrs. A. C. Brown enjoyed the pleasant aroma of honey without getting any of the honey. The bees were back in greater numbers this year and a few weeks ago there was a swarm on a tree near the

house. Jack Bennett was asked to bring a hive, which he did, and was rewarded with a nice lot of bees. But the bee family is large and the Browns still have plenty of company at their front entrance.

Combine canned luncheon meat with cooked kidney beans and a well-flavored French dressing for a main dish salad; add sliced celery for crunchiness and a tablespoon or two of sweet pickle relish for tangy flavor.

GOLDSBOROUGH AND ALIENS

The long, plodding campaign of the immigration and naturalization service to expel people from the country on grounds of Communism has been thrown into confusion.

And, according to Max Hall, one of our correspondents in Washington, it looks like the confusion may continue for a long time.

Here is the reason:  
Federal Judge T. Alan Goldsborough has ruled that the service's method of holding hearings—presided over by immigration inspectors—is illegal under the administrative procedures act of 1946.

He ordered it not to go any further in deporting Gerhard Eisler, Irving Potash, John Williamson, Ferdinand C. Smith and Charles A. Doyle unless it changes its methods and starts over.

This is the same Judge Goldsborough who fined John L. Lewis in connection with two coal strikes and later upheld the legality of Lewis' pension plan for miners.

His ruling in the deportation cases came on May 5. It jolted immigration officials so they only now are beginning to recover from their astonishment.

They insist that the administrative procedures act does not apply to immigration hearings.

For a time they stopped all hearings entirely.

Disagreeing with Judge Goldsborough, they have no intention of changing their whole system unless forced to do it. They have appealed the ruling. But it will take more than a year to get a supreme court decision. Meantime, what should they do?

Apparently, they have resolved to proceed cautiously in other cases, following their traditional method—even though, if Goldsborough turns out to be correct, all their work will be overturned.

Against Eisler, and others, the Immigration Service has charged: (1) That they are Communists; (2) That the Communist party advocates the violent overthrow of the government.

The immigration law provides for the expulsion of aliens who belong to organizations which believe in violent overthrow.

The immigration Service has taken many setbacks in trying to prove its claim that Communist membership is sufficient reason to deport an alien from this country.

The biggest setback was the Harry Bridges case. In 1945 the supreme court held that the government had not proved Bridges was a Communist. Therefore it did not feel compelled to rule on whether the Communist party has violence on its mind.

The supreme court has never made a clear-cut ruling on that issue.

PLAYGROUNDS APPRECIATED

Inez Rudolph, supervisor, reports that the attendance for the ten week program at the six public playgrounds in the borough reached the astounding total of 57,641 children. This was 8,423 more than last year, probably due to the new equipment and activities introduced. Mrs. Rudolph and her efficient staff as well as S. E. Kuhre, chairman of the park committee, are to be commended for the satisfactory manner in which the playgrounds have been supervised and promoted this summer. The attendance report in itself offers the best proof that the season has been a wonderful success for all concerned, including the thousands of children who participated in the various activities.

NO FREE LUNCH

The airlines are talking about abolishing their long-time practice of serving free meals aloft to try to get out of the red, where most of them find themselves. That may be good business, but we think it's also bad psychology.

Many citizens of the pre-prohibition era still talk wistfully about the free lunch that a nickel beer would get you in those days. The airlines' lofty repasts were the only descendant of that pleasant institution in these days of high prices, big tips, and the universal gimme. The lure of something for nothing—however small the something—has a magnetic pull for most of us. A lot of airline passengers would miss the free meals, and would probably tell the airlines about it in no uncertain terms.

Your weekend plans should include a visit to the annual Community Fair at Tiona, Friday and Saturday. It will be the first of several scheduled in the county the next few weeks.

Flood Tide

H-E-R-E A-N-D T-H-E-R-E

Thirty-nine years ago this summer work was being completed on the Woodard theater, now popularly known as the Columbia. "The Warren Evening Mirror" of August 25, 1909, carried the following reference to the construction of the playhouse: "Workmen on the new Woodard theater are rushing the work along at a very rapid pace and unless something unforeseen happens the playhouse will be opened on scheduled time. The steel interior finish has all been put up and painted. Carpenters have started the laying of the hardwood floors. Work on the proscenium arch is almost completed and it will be but a short time until the stage will be ready for the scenic attachments. The scaffolding has almost all been removed from the interior and those who have been in the theater can now get a fair conception of what a beautiful place it will be when completed." The theater was opened on the following Labor Day, September 6, 1909, but it was on September 4 of that year that an article in one of the Warren papers announced: "The asbestos drop curtain for the new Woodard theater arrived this morning and is being hung today. It is an artistic piece of work from the Story gallery of Boston. In the center is a painting of the Warren Bank & Trust Company building with the word 'Old, Strong and Reliable' underneath it. Many people will be surprised at the beauty and convenience of the house when they visit it for the first time. Wide aisles and plenty of fire exits are features of the construction." The theater was originally launched by the late J. D. Woodard, Warren merchant and business man, as a vaudeville house. It opened with four big acts of vaudeville, and according to the issue of September 7, 1909, "Every seat in the house was occupied for the one hour and fifteen minute program, with the 700 patrons in attendance witnessing one of the best vaudeville shows ever seen in

the city. The program consisted of H. W. Emmett, "That Silly Kid That Makes Everybody Laugh," Lahse and Ben Sterling, unique gymnasts; Cook and Wigand, refined singing and dancing, and Carita & Company, special engagement in spectacular dances, including "The Beauty and the Beast," "The Flight of the Fairy," "A Dream of The Inferno," and "Birth of The Butterfly." The admission was ten cents; reserved seats 20 cents, boxes for parties \$1.00. There were three shows daily, matinee at three o'clock, and evening performances at 7:30 and 8:45.

Road shows were playing at the Library theatre. We notice that the great American play "Polly Of The Circus" was booked for one night at this playhouse, October first. Prices were 35c, 50c, 75c, \$1 and \$1.50 and reserved seats could be had at the City Drug Store.

Joseph Fitch, Bradford station manager of United Air Lines, was in for a chat the other day and we found him a most affable executive, and naturally quite enthused over his present assignment. He is a veteran of four years with the airline, being former chief of station operations in Philadelphia. He joined United as assistant reservation agent in Denver in 1944. Since then he has served in Detroit, Chicago and Philadelphia. Fitch's job is to set up the complete operations organization in Bradford, in advance so that all operational functions will be running smoothly when the first plane arrives and Bradford becomes the 80th city on United 10,700-mile system.

Getting back to wild turkeys, we mentioned Monday, North Central Division Sportsmen's Clubs in the DuBois area, are considering a resolution proposing that wild turkey season in Pennsylvania be closed for one week of bear season. The DuBois paper says that it is expected that the turkey season this year will be one of the best for some time.

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

**1923**  
Four persons were injured in a motor accident west of Warren this afternoon when the car in which they were riding failed to make the turn at the school house crossing just west of Starbrick and crashed through the guard fence at that point. They barely escaped death by cremation for the car burst into flames immediately following the accident.

Warren Stone, recently admitted to the bar in Warren county, has passed the state examinations, permitting him to practice any place in the commonwealth, a notice from the state supreme court to Mr. Stone informed this morning.

**1933**  
Theron Johnson, of Chancellors Valley, is to go to State College to compete in the cattle judging contest for the right to be one of the eight judges from this state to represent Pennsylvania in the national cattle judging contest which will be held in Memphis, Tenn., on an undetermined date.

**1933**  
George Betts, son of Mr. and Mrs. George H. Betts, 1500 Pennsylvania avenue, east, and high-ranking senior in journalism at Louisiana State University, has been named editor-in-chief of the Daily Reveille, L. S. U. student newspaper, for the 1933-34 season.

The annual picnic of the officers and employees of the Warren National Bank and their wives was held yesterday afternoon and evening at Twin Lakes in the Allegheny National Forest.

Approximately one hundred Scouters assembled at the North Warren Community House last evening to bid farewell to Scout Executive J. Thomas Ewing and Mrs. Ewing, who are leaving soon for Greensburg.

# Modern Type air Offered at Wattsburg

The early conception of an agricultural fair was both education- and entertaining. This objective will be carried out by Wattsburg fair officials, August 31st to September 4th inclusive, day and night fairs. The first of the modern type of fairs was staged in Pittsfield, Mass., in 1810. Ellikanahaton, Pittsfield, Mass., purchased two pure bred Merino sheep, tied them to a tree in Pittsfield. So many people came to see them, that he conceived the idea of an agricultural show which would bring together all of the interests of the community. His fair spread like fire. As fast as it read, his ideas developed, until it attained such prominence that it has been since called the P. T.

Barnum of agriculture. Before 1820 there were many fairs in the east, and in numerous instances he was called upon to assist in organizing the fair and developing the program. Wattsburg fair follows the pattern outlined by Watson, which is definitely a fair managed and operated by farm folks in the interests of the agricultural and general public. Watson had the same ideas, and they have proved workable, and the fairs he encouraged more than a century ago are being held from year to year. Wattsburg fair program includes horse pulling contest Tuesday afternoon for medium weight horses, and Tuesday night for heavyweights. Races will be held on Wednesday, Thursday and Friday afternoons. Specialty acts will be presented during the afternoon and evening, and fireworks will be displayed each night. Crosby's Hell Drivers, an automobile thrill show will be given Saturday afternoon, and a radio show, Saturday night. Dell Darling, Erie county commissioner is master of ceremonies.

# Hospitals In Jamestown To Be Expanded

Jamestown — Two Jamestown hospitals have received approval of their applications for federal aid in the construction of new units, according to Moir Tanner, secretary of the Buffalo regional council of the State Hospital Survey and Planning commission. Totaling \$3,987,448, the plan calls for new construction at the Jamestown General Hospital and the W.C.A. hospital. Approval came yesterday following a meeting of the council in Buffalo, where Mayor Samuel A. Stroth and Dr. Hall G. Van Vlack, managing director of the General Hospital, made plans for favorable action on the council's part. General hospital expansion plans call for a new 175-bed building costing around \$2,887,125, as well as the proposed remodeling of the present building into a health center for the health department, municipal laboratory, and other functions.

## NEWS OF INTEREST TO VETERANS

Joseph D. Benson, director of Veterans Affairs with offices in the Warren County courthouse, today reminded veterans that the final date for filing for terminal leave pay is next Tuesday, Aug. 31. "Don't wait until the last day to file as your claim may not reach its destination in time to protect you," Benson added. He also reminds veterans of the following provisions for reinstating or renewing insurance. Reinstatement: The privilege of reinstating term insurance after July 31, 1948, is only available to veterans whose policies have been lapsed for less than three months. Where the period of lapse is three months or longer, the veteran will be required to take a physical examination and an investigation as to insurance risk, unless further extension is made. Renewals: Public Law 838, recently signed by the President, allows veterans to renew their term insurance which was issued prior to January 1, 1948, for an additional five years. All term insurance is good only for a limited time. As far as G-I insurance is concerned, it is good for eight years if it was originally taken out before January 1, 1946, or for five years, if taken out on or after that date. The first G-I insurance policies were written in October, 1940. Hence, for some veterans, the term of their insurance would run out during October of this year. Now they can renew it for five years more, if they want to. The Veterans Administration points out that higher premiums are involved in extending term policies. For example, say that a serviceman was 25 years old, back in 1940 when he took out his G-I insurance. Up to now he's been paying 67-cents a month for each one thousand dollars worth of protection. Suppose that he renews his term insurance in 1948. By now our veteran is 33 years of age. He'll have to pay at the rate of 74-cents per thousand for his present age.

At the end of the time for which a term policy may be held, veterans now have three choices: (1) Extend the term insurance for an additional five years at slightly higher rates; (2) convert to any of the permanent G-I insurance plans available; or (3) drop the protection which G-I insurance affords.

Y. M. BOYS VISIT PLANT  
For their final education trip of this summer a group of 24 boys visited the Pennsylvania Furnace and Iron Company plant yesterday. Following the tour through the plant they were given a treat in a demonstration of the new fire fighting truck in the yard of the plant. The guides for the boys were Dave Levine, Ed. Binley, Ayner Olsen and Harold Johnson. The truck demonstration was given by Joseph DeFrees. The trip from the Y.M.C.A. was under the leadership of Dan. Walton, general secretary. The boys swimming schedule in force during the summer at the "Y" will continue this week and next, and then with the beginning of school the fall schedule of gym and swim periods will go into effect.

Nests are made not only by birds but by many kinds of mammals, fish, reptiles and amphibians, as well as invertebrates such as insects.

# Marine Corps Has Openings For Women

With openings available for approximately 65 women officers and 728 enlisted women in its regular establishment, the Marine Corps is requesting applications for the billets from all interested women, who are, or have been, members of its women's reserve. Inasmuch as only 21 of the regular officer billets are expected to be filled initially, the remaining 44 posts will be assigned to those women desiring continuous active duty in reserve status. Such active reserve duty is expected to last three years or more. The reservists will be succeeded gradually by new second lieutenants from among the top graduates of the women's Officer Training School at Quantico, Virginia, who will be given regular commissions. To meet its quota of 728 regular enlisted women, the Marine Corps plans to enlist reservists and former reservists at the rate of 75 a month for terms of two, three, or four years. They will be eligible to enlist in the same rank which they held previously. Although there are no age restrictions on reserve officers applying for continuous active duty, age maximums as of Jan. 1, 1947, for regular commissions must be below 30 for second lieutenants, 35 for First Lieutenants, 40 for captains, and 45 for majors. There is no age limit for Lieutenant colonels and above. Enlisted women must be under 31. In order to meet the requirements, overage applicants for enlisted billets are permitted to decrease their age by the amount of time previously spent on active duty. In the case of regular officers, only the time spent on active duty in the highest rank attained may be deducted. Present plans are to enlist women for clerical billets in Marine Corps in Washington, San Francisco, and Quantico, in reserve district officers. Women's Organized Reserve companies to be activated, and in recruiting districts. Application forms are available at the local Marine Office, Room 1, Post Office Building, Olean, New York. The deadline for receipt of applications at Marine Headquarters is Sept. 15.

## Historic Church In Dunkirk Scene Of Wedding Of Interest To Many Here

The century-old historic St. Mary's Catholic church was the scene of one of the loveliest of Dunkirk, N. Y.'s weddings when Miss Marie Moffatt Koch, daughter of Mrs. Augusta J. Koch and the late Major Koch, became the bride of Charles Westover Hull, son of Mr. and Mrs. W. C. Hull, Fourth avenue, Warren, on August 21.

The altar was attractively decorated with palms, ferns and white gladioli. The service was read by the Rt. Rev. Monsignor Ryan, of Toronto, Canada, and an uncle of the bride.

Marion R. Ackert played the traditional wedding marches of Wagner and Mendelssohn and the accompaniment for the soloist, Lydia Chatham, who sang Schubert's "Ave Maria" as the vows were exchanged.

The bride, given in marriage by her uncle, James L. Koch, of New York City, was lovely in a gown of cream slipper satin, styled with fitted bodice, leg-o-mutton sleeves and an off-the-shoulder neckline bordered in a triple ruffle of Venetian point lace. Her hoop skirt was covered by an overskirt of Irish heart lace, embroidered with seed pearls, which was worn by the late Mrs. Bartholomew Moffatt at her wedding in 1880. Her bridal veil also was a family heirloom, was of rose point lace and cascaded to a court train from a tiara of diamonds and seed pearls. She wore an emerald pendant, the bridegroom's gift. Her bridal bouquet was of white orchids with a shower effect of white satin streamers and English ivy and centered with two green orchids which she wore later for traveling.

Her sister Mrs. Nicholas J. Chevelly, Tarrytown, N. Y., was matron of honor and gowned in green marquisette over satin with matching garden hat and mitts. She carried white roses.

Carol Fontaine and Mary Boss, bridesmaids, were gowned alike in pink marquisette over satin with hats and mitts of the same shade. Margaret Ramsdell and Zoe Putnam wore blue marquisette over satin and carried talisman roses. Junior bridesmaids, Charlotte Carter and June Langley, wore peach marquisette over satin and carried red roses.

Martha Ann Chatham, of Warren, was the little flower girl and wore a long frock of green mar-

quissette and carried a basket of red rose petals. David Jeffries, also of Warren, was ring bearer.

Robert C. Carter was best man, and ushers were Walter Boss, Carl Hampton, and John Cramer and Gene Murphy, of Warren.

Mrs. Koch chose a frock of forest green satin for her daughter's wedding. White accessories and a white orchid completed the ensemble. Mrs. Hull, mother of the bridegroom, wore wine accessories with a gray frock and white orchid corsage.

The reception was held in the formal gardens of the Koch home and a wedding breakfast was served to 175 guests.

The newlyweds left for Buffalo from where they will fly to New York City to sail on the Queen Mary for a two months' tour of the British Isles.

The bride attended St. Arches school, Briarcliff Manor, and is a graduate of Vassar. The bridegroom attended Plattsburgh Academy and graduated from Harvard. They will be at home after November 1st at 4113 Delancey Road, Albany, N. Y., where the bridegroom will have a partnership in a law firm.

Guests were present from Long Island, Warren, Titusville, Oil City, Seneca, Pottsville, R. I. and Buffalo, N. Y.

## Family Reunions

### SUMMERS FAMILY REUNION

The first annual Summers family reunion was held at the Centennial Hose Company Camp at Shipman's Eddy, on Sunday, August 22, with Mr. and Mrs. Fred Wood acting as hosts.

A delicious dinner was served at two o'clock after which a most enjoyable afternoon was spent in swimming, boating, baseball and other activities.

A short business meeting was held presided over by the president, Charles H. Summers and the following were elected to act for the coming year: President, Howard Holleran, of Coudersport; secretary, William Summers of Oil City; recording secretary, Agnes Mong of Warren. It was decided that the next annual reunion would be held at Coudersport, the first weekend in August of 1949.

Those attending were Mr. and Mrs. Charles H. Summers and Charles Summers, William Summers and daughters Marilyn and Patricia of Oil City, Mr. and Mrs. John Summers and daughter Julia Mary of Cleveland, Ohio, Mr. and Mrs. Howard Holleran and family of Coudersport, Mr. and Mrs. Fred Wood and family and Mrs. John Mong and family of Warren.

## Petticoat Fever

The embattled new look in fashion, which has been cut down to size in the American fall collections, has been received with varying degrees of enthusiasm around the world. In London, the new look is generally regarded as a French conceit and English women have not swallowed it. Their designers have created a "London Look", which preserves the old English preference for tailored suits of solid material, with slightly less padding in the shoulders, slightly fuller and longer skirts. The length is mid-calf, and it isn't likely that foreign influences will change it. It suits the British. The model for the smart woman now is Princess Elizabeth, who took the London look to Paris on her state visit. The new look is getting nowhere in Poland. Thousands of young Polish women are wearing skirts slightly above the knee, saying it costs much less to cut a little off. Word comes from Buenos Aires that a genuine society is going all out for the new look but the average woman has not been completely won over as yet. At present, only the well-to-do can afford to ditch their old clothes and buy a new wardrobe.

In Manila, the new look is an old one. The trailing Manila dress with its sheer butterfly sleeve didn't come into being at the vogue of a Dior wand. It evolved. Today's dress is basically the same, retaining the long, full skirt, nipped waist and billowing sheer sleeves of two centuries ago. In Italy, where designers were showing the new look months before it began ruling America, it has pretty well swept all before it. Most of those who have money to spend have converted to long, extremely full skirts, sometimes only two or three inches off the ground.

Sweden's garment industry has been fighting back the new look but is giving in to it reluctantly. Even in Stockholm, the national capital, pedestrians turn for a second look at ladies with unusually long skirts, padded hips and bee-yasis. The new look has had no effect on Japanese fashions such as they are. The girls who go in for western fashions wear them short principally because of lack of material. The standard dress for old line Japanese is still the kimono.

CONTINUED life for thousands was the direct result of Banting and Best's discovery in 1921 that Insulin was contained in extracts from a partially degenerated pancreas. This was the vital fluid that was known to make proper assimilation of certain foods by the body possible... without which diabetics suffered and eventually died. By skilled balancing of dietetic treatment and insulin injection, diabetics can live almost a normal life, even though there is no known cure for the disease itself.

As part of our service to doctors and the public, Mullen Drug Company has a complete Biological as well as a Prescription Department. Insulin is one of the items carried, also, the proper equipment for its use.

Prosecution In Extortion Case Closes

Franklin—The prosecution closed its case Tuesday against Charles (Buddy) Aites, 19-year-old Oil City youth, charged with attempted extortion, with evidence of FBI experts that he wrote a letter demanding \$1,000 from Mrs. Walter A. Kann.

John W. Tyler testified that two fingerprints found on the extortion letter received by the wife of an Oil City dentist, had been made by Aites. He said he also found fingerprints of Mayor William Morck, of Oil City, and former Police Chief Daman, who had handled the note.

Sydney T. Holland, 35, handwriting expert, identified the writing on the note as that of Aites. The story of Aites' dramatic capture near the spot he had directed Mrs. Kann to leave the \$1,000 was told by Roy Kluck, Oil City policeman, and Paul Rennard, airport manager, who piloted a plane above the spot.

Former Co. Man Has a Broken Back

Montie Scott, a former resident of the Grand Valley community, was seriously injured last Friday near Burgettstown, Washington county, and is now a patient in a hospital at Washington, Pa.

Mr. Scott is interested in coal mining and, with several other men, was engaged in building a tippie. The framework collapsed and a heavy piece of timber fell across Mr. Scott's back. Several vertebrae were reported fractured.

His parents, Mr. and Mrs. Charles Scott, of Torpedo, and his sister, Mrs. Merton Brown, of Neilstown, formerly of Bethel, visited him on Monday, finding him very uncomfortable and suffering considerable pain. He will have to be placed in a cast which probably cannot be removed for six months.

N. L. R. B. Asks I. T. U. Be Held In Contempt

(From Page One)  
Henry Kaiser, attorney for the I. T. U., issued a statement calling the NLRB move a "crude and dangerous perversion of the administrative process."  
"Needless to say, the I. T. U. will resist this offensive abuse of public authority with its every resource," Kaiser said.  
The union lawyer said Denham and his staff were "acting as the craven and obedient servants of Senator Taft and the Chicago newspaper publishers."  
The I. T. U. contends Senator Taft (R-Ohio) has "pressured" Denham's office to bring the contempt action. Denham has denied that.

German Agent For U. S. is Fatally Shot

The cause was not known.  
Meanwhile, in Berlin, the Soviet news agency said Paj. Gen Alexander Kotikov, commander, fired a new blast at the city council, charging it with making decisions which disrupted the "normal activities of the police force" and contributed to the operations of black market operators.  
The week-long tension abated somewhat as armed patrols east and west were withdrawn—at least temporarily — from Potsdamer Platz, scene of recent riots and Russian staged raids.

Soviets Chop All Consular Ties With U. S.

France, the source said, were considering the suggestion in talks this week and their envoys in Moscow have recommended acceptance.  
Such a proposal could mean Russia has agreed in principle to western demands for a share in administering the German capital's economy.  
It also could mean Russia recognizes the western powers' right to continue occupying Berlin—a right Moscow has challenged since the decision to set up a west German government was taken.

Milk Prices For Western Pa. Counties Hiked to 22 Cents

(From Page One)  
"no real objection" to the increase for farmers but contended that dealers had failed to prove the need for a greater spread between wholesale and retail prices.  
The city solicitor added that the city of Pittsburgh would base its appeal from the price increase on the failure of both dealers and producers to show the actual profit in the milk industry.  
Snyder and O'Loughlin, in their statement on the increase, said that Pittsburgh milk dealers in 1947 had a 10.21 per cent return on invested capital.  
Meanwhile, William S. Lavengood Jr., took issue out from his duties as secretary of internal affairs, to appear before the commission as attorney for the Otto Milk Company of Pittsburgh.  
Under the new 15 cent order, he said, the company "will have to sell 160 quarts of milk before they make 17 cents." That, he insisted, is not a reasonable profit.

Albany, N. Y., Aug. 25—(P)—Western New York dairymen will receive an additional 46 cents a hundredweight for the class 1 fluid milk they market during the next four months.

The increase is expected to add one cent a quart to the current 22-cent price of milk delivered to western New York homes.

The State Department of Agriculture announced yesterday it had approved the boost of from \$3.50 a hundredweight (about 47 quarts) to \$3.96 for the remainder of the year in the Buffalo and Rochester marketing area.

Dairymen have approved the increase in a referendum.

Six Air Force Enlisted Men Die in Crash

Stun and Tech. Sgt. John Edmond Stanger, 31, of Washington, aerial engineer.

Boely, who had served as a pilot for many high government officials, including Secretary of State Marshall and Secretary of the Army Royal, had piloted four engine bombers in Europe during World War 2. He was married and the father of a three-month-old baby son.

Crew members of the B-25, who had gone only 10 miles from their base on a "routine flight" to Washington when the accident occurred were identified as Lt. Col. Edwin Brown, pilot, and David F. Tatum, co-pilot, both stationed at West Point Military Academy, and Tech. Sgt. R. J. Lunde, crew chief stationed at Stewart Field.

N. L. R. B. Asks I. T. U. Be Held In Contempt

(From Page One)  
Henry Kaiser, attorney for the I. T. U., issued a statement calling the NLRB move a "crude and dangerous perversion of the administrative process."

"Needless to say, the I. T. U. will resist this offensive abuse of public authority with its every resource," Kaiser said.

The union lawyer said Denham and his staff were "acting as the craven and obsequious servants of Senator Taft and the Chicago newspaper publishers."

The I. T. U. contends Senator Taft (R-Ohio) has "pressured" Denham's office to bring the contempt action. Denham has denied that.

France, the source said, were considering the suggestion in talks this week and their envoys in Moscow have recommended acceptance.

Such a proposal could mean Russia has agreed in principle to western demands for a share in administering the German capital's economy.

It also could mean Russia recognizes the western powers' right to continue occupying Berlin—a right Moscow has challenged since the decision to set up a west German government was taken.

Milk Prices For Western Pa. Counties Hiked to 22 Cents

(From Page One)  
"no real objection" to the increase for farmers but contended that dealers had failed to prove the need for a greater spread between wholesale and retail prices.

The city solicitor added that the city of Pittsburgh would base its appeal from the price increase on the failure of both dealers and producers to show the actual profit in the milk industry.

Snyder and O'Loughlin, in their statement on the increase, said that Pittsburgh milk dealers in 1947 had a 10.21 per cent return on invested capital.

Meanwhile, William S. Livengood, Jr., took time out from his duties as secretary of internal affairs, to appear before the commission as attorney for the Otto Milk Company of Pittsburgh.

Under the new 1 1/2 cent order, he said, the company will have to sell its shares of milk before they make it cents. That, he insisted, is not a reasonable profit.

Albany, N. Y., Aug. 25—(P)—Western New York dairymen will receive an additional 40 cents a hundredweight for the class 1 fluid milk they market during the next four months.

The increase is expected to add one cent a quart to the current 22-cent price of milk delivered to western New York homes.

The State Department of Agriculture announced yesterday it had approved the boost of from \$5.50 a hundredweight (about 47 quarts) to \$6.20 for the remainder of the year in the Buffalo and Rochester marketing area.

Dairymen have approved the increase in a referendum.

## Dean Whitaker Hurls Forge To 1-0 Win In Tight Battle Against The Ludlow Wildcats

Dean Whitaker, ace National Forge hurler, emerged victorious in a tight mound duel at Ludlow last night with Byham, minor league slinger, home for a brief visit from the Springfield club of the Ohio Class D League.

Final score favored the Forge, 1-0, with the only run coming in the top half of the final round of the seven-inning tilt. An exceptionally large crowd was on hand to watch the battle.

Whitaker struck out eight batters and issued one free pass, while yielding only three singles. Byham whiffed six strikes, walked one and gave up eight safeties, including a brace of doubles by Bill Brown.

It was one of these doubles that drove in the Forge's winning run. Whitaker rapped out a single and advanced to second when Petrowski grounded out. Then came Brown's power hit to score the winning run.

Ludlow had runners on second and third in the seventh frame with only one out, but Whitaker pitched himself out of the tight spot by fanning Anderson and forcing Farley to pop up to Murphy at third.

The Forge will close its home season next Saturday afternoon

against Tidouste on the State Hospital field.

## Knights of Columbus Battle 1st Methodists to 5-5 Draw In 10-Inning Scrap at Beaty

## Glendora-VFW Nines Battle Again Tonight

Glendora Coffee and Warren VFW baseball nines will clash again tonight at 6:30 o'clock on the State Hospital field in another attempt to decide the 1948 championship of the Sunset Baseball League.

The Coffee Grinders hold a 1-0 edge in the three-game title series with the Vets, but all efforts to reach a decision in the second scrap have been interrupted by the weatherman and darkness.

Two efforts were made to play the game last week, but both of these contests were rained out. Then on Monday evening, the teams collided in a title battle that was called at the end of the eighth frame on account of darkness with the score standing, 1-1.

A large crowd is expected to jam the State Hospital field bleachers for the scrap.

First Methodists and Knights of Columbus slugged it out toe to toe for 10-innings on Beaty Field in the opening round of the Church-YMCA Softball League championship series, but darkness halted the contest with the score deadlocked, 5-5.

The scrap was a see-saw affair with the K. of C. gaining a 3-1 advantage, and then losing it as the church nine went out in front, 5-3. The Knights rallied again in the top half of the eighth to knot the count, and neither team was able to find the scoring punch to end the affair before darkness closed in.

The Methodists mustered a strong threat in the ninth when Parker poked a single into short left with Stathakas on third, starting for home. However, Geigerich scooped up the ball, tossed to Coppola on first to pick off Parker, and the relay home to Doherty caught Stathakas as he was sliding home.

The teams will clash again Thursday night at 6:30 o'clock on Beaty field.

## Five Circuit Blows Feature Busy Bee Victory Over Bill's Welders In Playoff Series

Five home runs—three for the T. Tome and by G. Gheres for the Welders left the score deadlocked, 8-8, at the end of seven and one-half innings. Then the Bees came through with two runs on two hits to forge out in front.

The Welders made the old college try in the ninth to even the count, and succeeded in getting two men on the sacks with one out. A quick double play nipped the rally, however, to end the well-played tussle.

The Welders got off to a fast start with Tony Tomassoni smashing a circuit blow with two mates aboard. The Bees got two of the runs back in the same inning, however, when H. Brown also poked a four-bagger with one man on the sacks.

A second four-bagger by Brown and circuit blows by his teammate,

**MIDDLE ATLANTIC**  
**By The Associated Press**  
The Vandergrift Pioneers took a doubleheader from the Youngstown Colts, 9-2 and 7-4, last night to increase their Middle Atlantic League lead to four games.

Joe Bernard paced the first game attack with two triples and a grand slam homer. In the second game the Pioneers came from behind to win with homers by Bob Wigle and Herman Kiel. Richardson homered in each game for Youngstown.

Johnstown handed the Butler Yankees a double defeat, 2-0 and 6-2. Earl Forest held the Tanks to two hits in the seven-inning opener.

Oil City battered two Uniontown pitchers for 12 hits to win 6-4. Anton Brozovich hit a double with two out in the seventh to drive over the winning runs in Erie's 8-3 victory over New Castle.

## Kiner's Homer Is 107th In Majors

Pittsburgh, Aug. 25—Ralph Kiner appeared a cinch today to become the first player to hit more than 107 home runs in his first three years in major league competition.

Kiner, Pittsburgh's outfielder now in his third season in the majors, hit his 33rd round tripper of the current campaign last night as Pittsburgh defeated Brooklyn 9-1.

Kiner thus became the second player to hit 107 homers in his first three seasons. Joe Di Maggio of the New York Yankees reached that total with 29 in 1936, 46 in 1937 and 32 in 1938.

Kiner hit 23 homers as a rookie in 1946 and clouted 51 last year to tie Johnny Mize of the New York Giants for the major league leadership.

## Thomas Set Tourney Marks

The Thomases did right well by themselves last night in headpin bowling on Arcade bowling alleys.

Jim Thomas set a new high single game mark of 111 in the men's division. His score topped the previous high of 110, posted by both Willard Lohmes and Frank Gerardi.

In the women's division, Mrs. Bernice Thomas, who holds the high marks in the tourney for both the single game and the four-game match total, boosted her high single game mark from 96 to 99 sticks.

Contestants are permitted to enter the tourney as many times as they wish, but can only qualify for one prize. The tourney will close Saturday.

## Stephens Clouts Red Sox Into American League League

**By JOE REICHLER**  
Associated Press Sports Writer  
Vern (Little Slug) Stephens, pounding his way through his greatest year in the big time, is making a serious bid for the coveted most valuable player award as he strives to spark the Boston Red Sox to an American League pennant.

The timely hitting shortstop sent the Sox back into first place last night when he poked a dramatic ninth inning home run with one mate aboard to give Boston a thrilling 9-8 victory over the Cleveland Indians. The triumph pushed the Sox half a game in front of the Indians.

The Boston Braves increased their first place hold to three and a half games over runner-up St. Louis, defeating the Cardinals at St. Louis, 9-3. The victory, Boston's fourth in a row, also put the Braves four games ahead of the third place Brooklyn Dodgers, who were whipped by the Pirates, 9-1, in Pittsburgh.

Johnny Sain had an easy time winning his 16th game as the Braves pounded Harry Brecheen and three relievers for 18 hits. The Cards went ahead 2-1 in the first inning on Stan Musial's 31st home run with one on. The Braves, however, came back with three runs in the fourth, and were never headed.

Ralph Kiner walloped his 33rd home run and Wally Westlake his 13th to help the Pirates subdue Dodgers. Jackie Robinson, Dodger second baseman, was banished from the game for the first time

in his major league career heckling Umpire Butch Renz. Catcher Bruce Edwards and Co. Clyde Sukeforth also were ejected. The New York Giants remain in a fourth place tie with Pittsburgh, six games off the pace, defeating the last place Cubs Chicago, 7-4. Sid Gordon led 12-hit assault on five pitch with a double and two singles.

The third place New York Yankees failed to better their tie game deficit in the American League when they were nosed by the cellar-dwelling Chicago White Sox, 6-5, at the Yan Stadium. The Yankees staged belated ninth inning rally, scoring twice, but fell one short as Charley Keller popped out, leaving Tommy Henrich stranded on a

# Many Enroll In Special Registration

A two-week schedule of field registrations in various sections of the county resulted in enrollment of 375 Republicans, 194 Democrats, 11 Prohibitionists and five "no party" electors, the county registration office reported today.

The special registrations were held so that electors in all districts would have an opportunity to qualify for voting privileges in the coming presidential election. Registration will continue at the county courthouse during regular hours until Sept. 4, and from 9 a. m. to 9 p. m. Sept. 7 through Sept. 11, the final registration date.

Summary of the special registrations show (R-Republican; D-Democrat; NP-No Party; P-Prohibitionist):

# All - American Tournament Is Under Way

Johnstown, Aug. 25—(P)—Seven teams won their opening round games as the All-American Amateur tournament got under way here yesterday.

Washington, D. C., the defending champion, defeated Johnstown, 7-1. The winning runs came in the sixth when three tallies came across on one hit, two walks and an error.

Baltimore shut out New York City 6-0. Losing pitcher Jack Mastrolanni fanned 13 and gave only three hits, doing slightly better than winning hurler Tom Donohue who fanned 11 and allowed four hits.

Larry Lassalle struck out 16 and gave only four singles in New Orleans' 6-1 win over Philadelphia. Tom Hardiman hit a three-run homer and two singles to lead Concord (N. H.) to a 15-4 victory over Pittsburgh.

In other games Pittsfield, Mass., defeated Maryland State 6-1; South Amboy, N. J., downed Amsterdam, N. Y., 10-2, and Harrisburg won from Zanesville, O., 10-2. Brooklyn, N. Y., had a first round bye.

A team must lose two games to be eliminated.

**AXE SLIPS**  
Fayette Olmstead, of Sheffield who is employed by Ruel Smith in Russell, was injured yesterday while at work. An axe slipped and hit his left forearm. He was brought to the hospital and stitches were taken and tetanus given.

**EMERGENCY**  
Delbert Decker, 111 Parker street, was brought to the Warren General Hospital yesterday following a fall when a scaffold on which he was working gave way. X-rays found both ankles broken, and he was taken by ambulance to Hamot Hospital in Erie to be under care of Dr. Fortune.

**OPTIMISTS MEETING**  
The regular dinner-meeting of the Optimists Club will be held tomorrow evening at the Carver Hotel. At this time Yates Catlin, executive secretary of the Upper Allegheny Improvement Association will speak on the "Allegheny and Genesee Waterways." Dinner will be served at 6:30.

**LOST BOY FOUND**  
Gilbert Meynard, 12, of 436 Prospect street, object of an all-night search by parents and State Police, was found by the officers along a road near Scandia this morning. The youngster had left home yesterday at 11 a. m. to go fishing and apparently "forgot" to turn home for the night.
